Covid Protocol

The ideal measures for hygiene and enhanced safety, enabling events in the pandemic era.

With an enhanced global pandemic response, we are slowly entering a phase where restrictions/bans are slowly getting lifted and the world is returning to in-person events. However, it is pivotal that we ensure the best possible environment for continued safety.

Following a no-compromise safety standard, below are our Covid protocols:

- Limiting Venue Capacities to allow for Social Distancing
- Health and Safety Protocols
- Safe Food and Beverages and Food-handling
- Sanitation Stations with Hand Sanitizer and Wet Wipes Dispensers
- Sanitation and Disinfection of Common and High-Traffic Areas
- Physical Distancing Measures Between Attendees
- Social Distancing Room and Seating Configurations
- Non-Contact Thermal Temperature Scanning

Request to all in-person attendees adhere to the safety procedures and guidelines below:

FACE MASK

To ensure all-round safety of everyone and in line with the UN guidelines it is mandatory to wear a mask during the event to avoid any kind of adverse possibility.

HAND WASH

Government advice is to wash hands regularly via the provision of hand washing facilities. To supplement this, we will position hand sanitiser stations at key locations throughout the venue, including restrooms, food and beverage stations, conference space and exhibition layouts, with regular use encouraged to all visitors and exhibitors.

HANDSHAKE

We will be asking all attendees, staff, exhibitors and sponsors to avoid handshakes, hugs or fist bumps and adhere to a "no touch" policy. Elbow-bumps and footshakes are welcome.

TEMP °C

Compulsory temperature check will happen for all the attendees at the venue before entering and anyone with a higher-than-normal body temperature will not be allowed to enter.

VACCINE

All Staff, Speakers, Exhibitors and Attendees are required to be fully COVID vaccinated with a vaccine approved by the World Health Organisation (WHO) prior to attending the conference for the care, consideration and wellbeing of other delegates in attendance.

PROOF

Prior to the event, all attendees will have to compulsorily carry their respective vaccination certificates to get access at the venue.
